

# ABHISHEK VISHWAKARMA

MERN STACK DEVELOPER

I specialize in designing, developing, and maintaining software applications that meet the needs of various industries and clients. I have not a strong background in computer science and programming, but I create innovative software solutions that solve complex problems.

## PROJECTS

### Abhishek-Portfolio

<https://abhishek-vishwakarma.netlify.app/>

- I developed a personal portfolio using React.JS.
- The project use NextUI framework for a clean, modern, and responsive user interface.
- Tailwind Use for custom designing.
- GSAP used for animation.

### User-Management-App

<https://user00management.netlify.app/>

- I create a user management app in React.js
- Where user can Create, Read, and Delete operations on user data.
- In this project I also use NextUI & TailwindCSS framework.
- I also use JSON Server fake API for data handling.

### E-Comm

Frontend : <https://our-e-comm.netlify.app/>

Backend : <https://github.com/Abhi1001001/e-comm-B-01.0>

- I'm building a fully operational E Commerce app integrated with Frontend and Backend.
- In Frontend I used NextUI & TailwindCSS framework, SwiperJS for carousel, Redux-Saga used for data handling.
- In Backend I used ExpressJS for API creation and MongoDB used for database.
